Get excited about our new packaging!

We're switching from plastic to paper-based packaging. That's why you might find a mix of paper and plastic in our boxes!

Nos nouveaux emballages vous emballeront !

Nous passons des emballages en plastique aux emballages à base de papier. C'est pourquoi vous pourriez trouver un mélange de papier et de plastique dans nos boîtes !

¡Te presentamos nuestros nuevos empaques!

Estamos sustituyendo las bolsas de plástico por bolsas con base de papel. ¡Por eso, puedes encontrar una mezcla de papel y de plástico en nuestras cajas!

Building the Big Skills Toddlers Need

We believe in big starts. Our big bricks are designed for little hands to master. When toddlers' creativity is set free, their opportunities to learn become endless. We call it Learning Through Play. And it inspires every LEGO® DUPLO® set. Based on thorough scientific research, each set helps young minds develop both IQ skills (cognitive, physical, creative) and EQ skills (social, emotional). Let all toddlers Start Off Big.

LEGO DUPLO sets are categorized into benefit territories that match toddlers' ages and developmental stages.

Développer les grandes compétences dont les tout-petits ont besoin

Nous croyons aux grands départs. Nos grandes briques sont conçues pour être manipulées par les petites mains. Lorsque la créativité des tout-petits est libérée, les possibilités d'apprentissage deviennent infinies. C'est ce que nous appelons apprendre par le jeu. Et c'est ce qui inspire chaque ensemble LEGO® DUPLO®. Basé sur des recherches scientifiques approfondies, chaque ensemble aide les jeunes esprits à développer à la fois les compétences QI (cognitives, physiques, créatives) et les compétences QE (sociales, émotionnelles). Permettez à tous les enfants en bas âge de commencer en beauté.

Les ensembles LEGO DUPLO sont classés en catégories d'avantages qui correspondent à l'âge et au stade de développement des tout-petits.

Desarrollamos las grandes habilidades que necesitan los peques

Creemos en los grandes comienzos. Nuestros bricks más grandes están diseñados para que una manita pueda manejarlos con facilidad. Cuando la creatividad de los peques fluye libremente, las oportunidades de aprender se vuelven infinitas. A eso lo llamamos "aprendizaje mediante el juego". Y es la fuente que inspira cada set LEGO® DUPLO®. Basados en rigurosos estudios científicos, estos sets contribuyen al desarrollo del cociente intelectual (CI, resultante de las habilidades cognitivas, físicas y creativas) y el cociente emocional (CE, que depende de las habilidades sociales y emocionales) de las mentes más jóvenes. Todos los niños y niñas merecen un gran comienzo.

Los sets LEGO DUPLO se clasifican en campos de aprovechamiento acordes con las edades y etapas de desarrollo de los niños y niñas.

LOGICAL
THINKING

EXPRESSING
YOURSELF

LEGO® DUPLO® sets in the blue territory can help toddlers master essential skills like caring for others and understanding emotions. Aimed at children aged 18 months and up, these sets also encourage comparing, matching and sorting skills through delightful, familiar play scenarios. With a little gentle guidance from grown-ups, children's early skills can flourish in a safe and creative space. As toddlers engage in storytelling and role-play, they can enhance their logical thinking (IQ) and emotional expression (EQ), building self-confidence and empathy along the way!

PENSÉE
LOGIQUE

EXPRESSION
DE SOI

Les ensembles LEGO® DUPLO® du territoire bleu peuvent aider les tout-petits à maîtriser des compétences essentielles telles que l'attention portée aux autres et la compréhension des émotions. Destinés aux enfants âgés de 18 mois et plus, ces ensembles encouragent également les capacités de comparaison, d'association et de tri à travers des scénarios de jeu délicieux et familiers. Avec un peu d'encadrement de la part des adultes, les enfants peuvent acquérir leurs premières aptitudes dans un espace sûr et créatif. En racontant des histoires et en jouant des rôles, les tout-petits peuvent améliorer leur raisonnement logique (QI) et leur expression émotionnelle (QE) tout en développant leur confiance en soi et leur empathie!

PENSAMIENTO
LÓGICO

EXPRESATE

Los sets LEGO® DUPLO® de la zona azul pueden ayudar a tu bebé a dominar habilidades esenciales como cuidar de los demás y entender las emociones. Dirigidos a niños y niñas a partir de 18 meses, estos sets también fomentan las habilidades de comparación, emparejamiento y clasificación a través de escenarios de juego divertidos y familiares. Con un poco de orientación por parte de los adultos, las habilidades tempranas de tu peque pueden florecer en un espacio seguro y creativo. Participando en juegos de interpretación y narración de historias, tu bebé podrá mejorar su pensamiento lógico (CI) y su expresión emocional (CE) al tiempo que desarrolla confianza en sí mismo y empatía.
