WE'RE MAKING OUR PACKAGING MORE SUSTAINABLE

We're transitioning from single-use plastic to paper-based packaging. As we progress, you may find a mix of paper and plastic in our boxes.

NOUS RENDONS NOS EMBALLAGES PLUS DURABLES

Nous passons des emballages en plastique à usage unique aux emballages à base de papier. Durant la transition, vous pourriez trouver un mélange de papier et de plastique dans nos boîtes.

QUEREMOS HACER MÁS SUSTENTABLES NUESTROS MATERIALES DE EMBALAJE

Estamos cambiando las bolsas de plástico desechables por bolsas con base de papel. Conforme avanzamos en este propósito, puedes encontrar una mezcla de papel y de plástico en nuestras cajas.

ENGINEERING AND ARTISTRY

The Ford® GT40 Mk II's victory at the 1966 24 Hours of Le Mans was definitely one for the motorsport history books. Built to break Ferrari's winning streak, the GT40 Mk II merged the finest of American engineering power and design. During development, a dynamometer 'tape' allowed engineers to run tests in simulated race conditions and perfect the 485-hp engine to run for 48 hours. The iconic Chassis P/1046 played a key role in the legendary 1-2-3 finish, making Ford Motor Company the first American manufacturer to win a major European race since the 1921 French Grand Prix. Today, the GT40 Mk II is privately owned.

INGÉNIERIE ET ART

La victoire de la Ford® GT40 Mk II aux 24 heures du Mans 1966 est sans conteste l'une des plus mémorables de l'histoire du sport automobile. Construite pour mettre fin à la série de victoires de Ferrari, la GT40 Mk II allie le meilleur de l'ingénierie, de la puissance et de la conception américaines. Au cours du développement, un enregistrement vidéo permet aux ingénieurs d'effectuer des tests sur dynamomètre dans des conditions de course simulées et de perfectionner le moteur de 485 chevaux pour qu'il puisse fonctionner pendant 48 heures. L'emblématique châssis P/1046 joue un rôle clé dans le célèbre triplé à l'arrivée, faisant de Ford Motor Company le premier constructeur américain à remporter une course européenne majeure depuis le Grand Prix de France en 1921. Aujourd'hui, la GT40 Mk II est une propriété privée.

INGENIERÍA Y ARTE

La victoria del Ford® GT40 Mk II en las 24 Horas de Le Mans de 1966 fue, sin duda, un momento histórico para los anales del automovilismo. Diseñado específicamente para romper la racha de victorias de Ferrari, el GT40 Mk II fusionó lo mejor de la ingeniería y el diseño estadounidenses. Durante su desarrollo, un avanzado sistema de registro dinamométrico permitió a los ingenieros realizar pruebas en condiciones de carrera simuladas y perfeccionar el potente motor de 485 HP para que funcionara durante 48 horas consecutivas. El legendario chasis P/1046 desempeñó un papel clave en el mítico final 1-2-3, convirtiendo a Ford Motor Company en el primer fabricante estadounidense en ganar una carrera europea importante desde el Gran Premio de Francia en 1921. Hoy en día, el GT40 Mk II forma parte de una colección privada.

1:16 SCALE MODEL

The real-life Ford® GT40 Mk II took only three years to develop – an admirable feat even by today's standards. Designing a LEGO® Technic™ tribute to this legendary race car has been a rare treat. We have created a building experience that lets you enjoy the car's beautiful silhouette and reflects some of its famous engineering and mechanical features: right-hand side steering and a V8 mid-engine with working pistons, in addition to the opening doors, engine cover and front hatch.

- The LEGO® Technic™ Design Team

MODÈLE À L'ÉCHELLE 1:16

Il n'a fallu que trois ans pour mettre au point la vraie Ford® GT40 Mk II – un exploit remarquable, même selon les normes actuelles. Concevoir un hommage LEGO® Technic™ à cette voiture de course légendaire a été particulièrement gratifiant. Nous avons créé une expérience de construction qui vous permet d'apprécier la belle silhouette de la voiture et qui reflète certaines de ses célèbres caractéristiques techniques et mécaniques : la direction à droite et un moteur central V8 avec des pistons fonctionnels, en plus des portes qui s'ouvrent, du cache-moteur et du hayon avant.

- L'équipe de conception LEGO® Technic™

MODELO A ESCALA 1:16

El desarrollo del Ford® GT40 Mk II original tomó solo tres años, una hazaña admirable incluso para los estándares actuales. Diseñar un homenaje LEGO® Technic™ a este legendario auto de carreras ha sido una oportunidad extraordinaria. Creamos una experiencia de construcción que te permite disfrutar de la hermosa silueta del auto y refleja algunas de sus características mecánicas y de ingeniería más icónicas, como la dirección del lado derecho o el motor V8 central con pistones que replican el movimiento real, además de las puertas, la cubierta del motor y el cofre delantero que se abren.

- El equipo de diseño de LEGO® Technic™
