WE'RE MAKING OUR PACKAGING MORE SUSTAINABLE

We're transitioning from single-use plastic to paper-based packaging. As we progress, you may find a mix of paper and plastic in our boxes.

NOUS RENDONS NOS EMBALLAGES PLUS DURABLES

Nous passons des emballages en plastique à usage unique aux emballages à base de papier. Durant la transition, vous pourriez trouver un mélange de papier et de plastique dans nos boîtes.

QUEREMOS HACER MÁS SUSTENTABLES NUESTROS MATERIALES DE EMBALAJE

Estamos cambiando las bolsas de plástico desechables por bolsas con base de papel. Conforme avanzamos en este propósito, puedes encontrar una mezcla de papel y de plástico en nuestras cajas.

EVOLVED FROM NOSE TO TAIL

With solid roots in British racing history, the Aston Martin Aramco Formula One™ team carries a legacy of elegance, performance and pushing limits on the track. Going into the 2025 Formula One™ season, they fine-tuned almost every aspect of their car design. Sculpted for precision, the AMR25 redefines aerodynamic efficiency with a bold new body and reprofiled sidepods. Its push-rod suspension enhances control and helps streamline air movement, along with evolved wings that boost balance and optimize grip. Features that have proven to be especially strong on high-downforce circuits.

UNE ÉVOLUTION DE L'AVANT À L'ARRIÈRE

Ancrée dans l'histoire britannique de la course automobile, l'écurie Aston Martin Aramco Formula One™ incarne un héritage d'élégance, de performance et de dépassement des limites sur la piste. À l'approche de la saison de Formule Un™ 2025, presque chaque élément de la voiture a été minutieusement optimisé. Façonnée pour la précision, l'AMR25 redéfinit l'efficacité aérodynamique grâce à une carrosserie audacieuse et à des pontons latéraux entièrement redessinés. Sa suspension à poussoir améliore le contrôle et la gestion des flux d'air, tandis que des ailerons repensés renforcent l'équilibre et optimisent l'adhérence. Des caractéristiques qui se sont révélées particulièrement performantes sur les circuits à fort appui aérodynamique.

EVOLUCIÓN DE PUNTA A PUNTA

Con sólidas raíces en la historia del automovilismo británico, la escudería Aston Martin Aramco Formula One™ mantiene un legado de elegancia, rendimiento y superación de límites en la pista. Rumbo a la temporada 2025 de Formula One™, el equipo perfeccionó casi todos los aspectos del diseño de su monoplaza. Esculpido con precisión, el AMR25 redefine la eficiencia aerodinámica con una nueva y atrevida carrocería, además de pontones rediseñados. Su suspensión *push-rod* mejora el control y ayuda a canalizar el flujo de aire, en conjunto con unos alerones evolucionados que incrementan el balance y optimizan el agarre. Todas estas características han demostrado una gran eficacia en circuitos de alta carga aerodinámica.

BUILT FOR THE GREEN TEAM

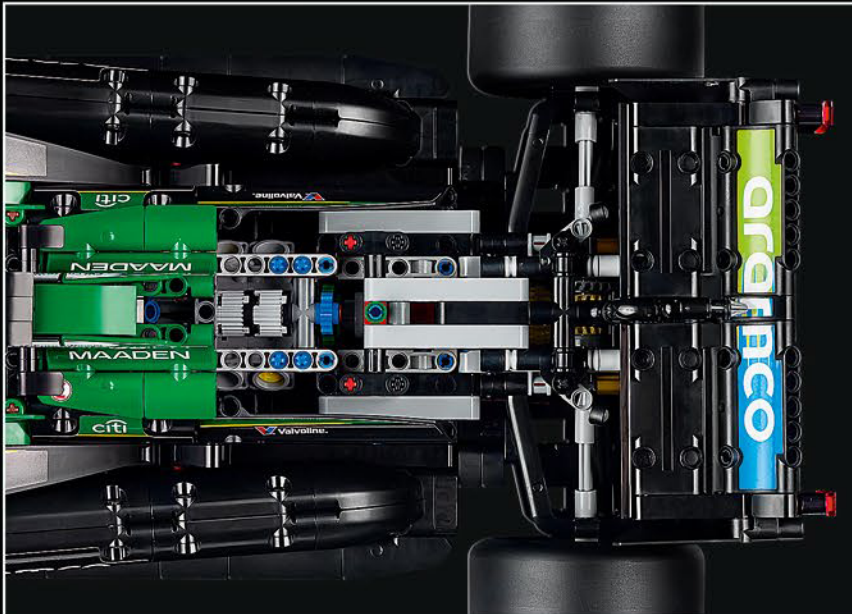

For this model, we wanted to represent the striking livery, functions and the spirit of the AMR25. In LEGO® Technic™ terms, that means you get steering and authentic push-rod suspension both in front and back. A drivetrain with functional differential and a two-speed gearbox leads to a V6 engine and a simulated electric motor. The gearbox is linked to the back wing, and the high gear engages the DRS. What more do you need for a race weekend?

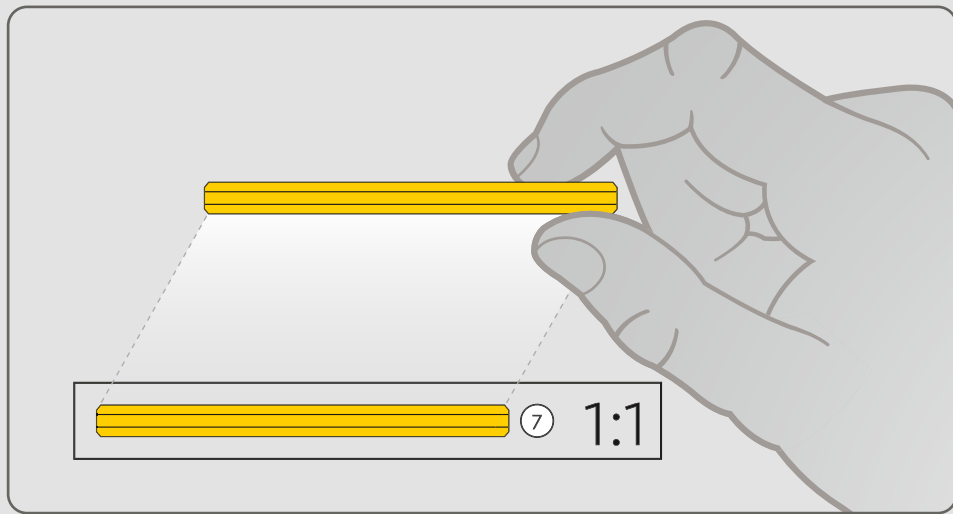

- The LEGO® Technic™ Design Team

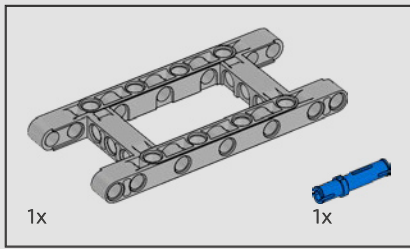

CONÇUE POUR L'ÉCURIE VERTE

Pour ce modèle, nous avons voulu recréer la livrée saisissante, les fonctions et l'esprit de l'AMR25. En langage LEGO® Technic™, cela se traduit par une direction fonctionnelle et une suspension à poussoir authentique, à l'avant comme à l'arrière. La chaîne cinématique comprend un différentiel fonctionnel et une boîte de vitesses à deux rapports, reliés à un moteur V6 et à un moteur électrique simulé. La boîte de vitesses est connectée à l'aile arrière, et le rapport élevé active le DRS. Que demander de plus pour une fin de semaine de course?

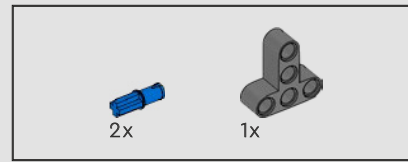

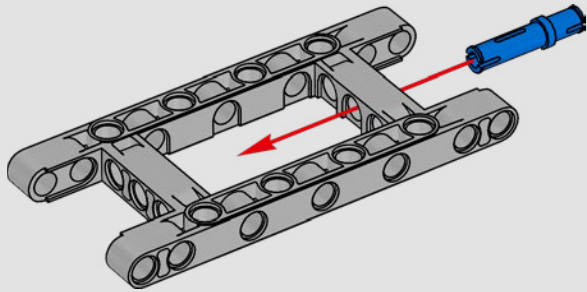

- L'équipe de conception LEGO® Technic™
