WE'RE MAKING OUR PACKAGING MORE SUSTAINABLE

We're transitioning from single-use plastic to paper-based packaging. As we progress, you may find a mix of paper and plastic in our boxes.

NOUS RENDONS NOS EMBALLAGES PLUS DURABLES

Nous passons des emballages en plastique à usage unique aux emballages à base de papier. Durant la transition, vous pourriez trouver un mélange de papier et de plastique dans nos boîtes.

QUEREMOS HACER MÁS SUSTENTABLES NUESTROS MATERIALES DE EMBALAJE

Estamos cambiando las bolsas de plástico desechables por bolsas con base de papel. Conforme avanzamos en este propósito, puedes encontrar una mezcla de papel y de plástico en nuestras cajas.

MEET THE LEGO® FAN DESIGNER

Brent Waller (LEGO® Ideas name WetWired) is a truly gifted Fan Designer from Brisbane, Australia. With this winning contribution to the *Build Your Nostalgia – 90s Throwback!* challenge, he is the first ever to have three LEGO Ideas models released as official sets.

"LEGO building is my creative outlet and a way to challenge my skills. During the 90s, I grew out of my LEGO childhood and moved on to computers, basketball, music and The X-Files. From the moment I saw an ad for the show, I was hooked. I first created Mulder's office in 2015, shared it on my Flickr page and it went viral. Fast forward to 2019. I made some improvements and submitted it to LEGO Ideas; it reached 10,000 votes but ultimately wasn't selected. For this challenge (2025), I wanted to create a build that encompassed the show in one easily recognizable design, with familiar, recurring elements – a spooky forest, aliens and a UFO inspired by the Alien Recovered Vehicle from season 1, episode 2. Seeing it released is amazing, I am still pinching myself. The feedback I've had from The X-Files and LEGO fan communities is what I will remember the most."

RENCONTREZ LE CONCEPTEUR AMATEUR LEGO®

Brent Waller (nom LEGO® Ideas : WetWired) est un concepteur amateur vraiment doué originaire de Brisbane, en Australie. Grâce à sa contribution gagnante au défi Build Your Nostalgia – 90s Throwback! (construis ta nostalgie – retour aux années 90!), il est le premier à avoir vu trois de ses modèles LEGO Ideas commercialisés sous forme d'ensembles officiels.

« La construction LEGO est mon exutoire créatif et un moyen de mettre mes compétences à l'épreuve. Au cours des années 90, j'ai délaissé mon enfance LEGO pour m'intéresser aux ordinateurs, au basketball, à la musique et à la série The X-Files. Dès que j'ai vu la publicité de cette série, j'ai été accro. J'ai d'abord créé le bureau de Mulder en 2015, je l'ai partagé sur ma page Flickr et il est devenu viral. Avance rapide jusqu'en 2019. J'ai apporté quelques améliorations et je l'ai soumis à LEGO Ideas; il a atteint 10 000 votes, mais n'a finalement pas été sélectionné. Pour ce défi (2025), je voulais créer une construction qui englobe la série dans une conception facilement reconnaissable, avec des éléments familiers et récurrents : une forêt effrayante, des extraterrestres et un ovni inspiré du véhicule extraterrestre récupéré dans l'épisode 2 de la saison 1. C'est incroyable de le voir sortir, j'ai encore du mal à y croire. Ce sont les commentaires des communautés d'amateurs de The X-Files et de LEGO qui me marqueront le plus. »

CONOCE AL FAN DISEÑADOR DE LEGO®

Brent Waller (conocido en LEGO® Ideas como WetWired) es un fan diseñador con un talento extraordinario que vive en Brisbane (Australia). Con esta propuesta ganadora del desafío Build Your Nostalgia – 90s Throwback!, es el primero en lograr que tres de sus modelos enviados a LEGO Ideas se lancen como sets oficiales.

“Construir con LEGO es mi vía de escape creativa y una forma de poner a prueba mis habilidades. Luego de dejar atrás mi infancia con LEGO en los años 90, centré mi atención en las computadoras, el basquetbol, la música y Los Expedientes Secretos X. Desde que vi un anuncio del programa, quedé enganchado. Construí la oficina de Mulder por primera vez en 2015, y se volvió viral después de que la compartiera en mi página de Flickr. Más tarde, en 2019, cargué en LEGO Ideas una versión mejorada que, aunque alcanzó los 10.000 apoyos, no resultó seleccionada al final. Para este desafío (2025), quise crear un modelo que englobara la serie en un diseño fácilmente reconocible, con elementos conocidos y recurrentes como un bosque espeluznante, extraterrestres y un ovni inspirado por el vehículo alienígena recuperado en el episodio 2 de la temporada 1. Es impresionante verlo convertido en un set oficial, y aún no puedo creerlo. Los comentarios que he recibido de las comunidades de fans de Los Expedientes Secretos X y LEGO son lo que más recordaré.”

THE TRUTH IS OUT THERE

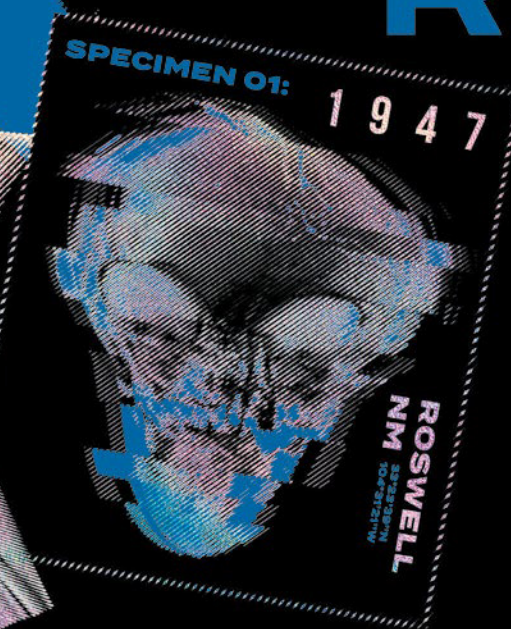

Premiering in 1993, *The X-Files* quickly turned into a global cultural phenomenon. With each new case that FBI Agents Dana Scully and Fox Mulder investigated, audiences encountered something truly unique for TV. The series delved into a wide range of supernatural subjects, intriguing characters and exceptional antagonists. But its central hook was an elaborate government conspiracy surrounding the possible presence of extraterrestrial life. Storylines "inspired by actual documented accounts" lent the show an air of credibility, and every episode left us wondering just how much of it could have happened. If the truth about alien life was finally about to be revealed, we wanted a front-row seat! Along the way, we became invested in Mulder's mission, driven by the childhood trauma of witnessing the apparent alien abduction of his sister. Scully, initially assigned to The X-Files to debunk Mulder's work, gradually saw her rational, scientific worldview challenged, causing her to question her own beliefs.

HERE BUT THE FBI'S MOST
UNWANTED."**

THE **X** FILES™

LA VÉRITÉ EST AILLEURS

Diffusée pour la première fois en 1993, la série *The X-Files* est rapidement devenue un phénomène culturel mondial. À chaque nouvelle affaire enquêtée par les agents du FBI Dana Scully et Fox Mulder, le public découvrait quelque chose de vraiment unique à la télévision. La série abordait un large éventail de sujets surnaturels, avec des personnages intrigants et des antagonistes exceptionnels. Mais son principal attrait résidait dans une conspiration gouvernementale élaborée autour de la présence possible d'une vie extraterrestre. Les intrigues « inspirées de faits réels documentés » conféraient à la série un air de crédibilité, et chaque épisode nous laissait nous demander dans quelle mesure tout cela aurait pu se produire. Si la vérité sur la vie extraterrestre était enfin sur le point d'être révélée, nous voulions être aux premières loges! Au fil des épisodes, nous nous sommes attachés à la mission de Mulder, motivé par le traumatisme de son enfance, lorsqu'il a été témoin de l'enlèvement apparent de sa sœur par des extraterrestres. Scully, initialement affectée aux X-Files pour discréditer le travail de Mulder, a progressivement vu sa vision rationnelle et scientifique du monde remise en question, ce qui l'a amenée à remettre en cause ses propres convictions.

« DÉSOLÉ, IL N'Y A PERSONNE À PART LE PLUS MAL-AIMÉ DES AGENTS DU FBI. »

– Fox Mulder

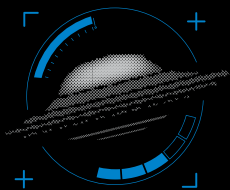

LA VERDAD ESTÁ ALLÁ AFUERA

Estrenada en 1993, *Los Expedientes Secretos X* no tardó en convertirse en un fenómeno cultural a nivel mundial. Con cada nuevo caso que investigaban los agentes del FBI Dana Scully y Fox Mulder, el público descubría algo verdaderamente único en la televisión. La serie profundizaba en una amplia gama de temas sobrenaturales, personajes intrigantes y antagonistas excepcionales. Pero su gancho central era una elaborada conspiración gubernamental en torno a la posible presencia de vida extraterrestre. Las tramas “basadas en informes reales registrados” dotaban a la serie de credibilidad, y cada episodio nos dejaba preguntándonos qué tanto de eso podría haber ocurrido en realidad. Si por fin iba a revelarse la verdad sobre la vida extraterrestre, ¡queríamos estar en primera fila! A lo largo del camino nos comprometíamos con la misión de Mulder, impulsada por el trauma infantil de presenciar la aparente abducción de su hermana por parte de extraterrestres. Scully, inicialmente asignada a los archivos X para desacreditar el trabajo de Mulder, vio cada vez más cuestionada su visión racional y científica del mundo, lo que la llevó a dudar de sus propias creencias.

“NO HAY NADIE, MÁS QUE LOS INDESEABLES DEL FBI”.

– Fox Mulder

A BRICK REMAKE OF A SMASH HIT

Brent Waller's fan model celebrates *The X-Files* by combining two dioramas in a creative way: the forest/UFO scene above, with Fox Mulder's basement office at the FBI headquarters in Washington, DC below. Framed as if the office is in a cavern beneath the forest floor, it allows the two scenes to coexist in the same space. In this version, you can display them stacked, side-by-side, or in separate rooms entirely. Mulder's desk section can be removed and displayed as a vignette, and you can pose the LEGO® minifigure characters to recreate memorable scenes from the series.

UNE REPRODUCTION EN BRIQUES D'UN GRAND SUCCÈS

Le modèle de Brent Waller rend hommage à *The X-Files* en combinant de manière créative deux dioramas : la scène de la forêt/OVNI au-dessus, et le bureau de Fox Mulder au sous-sol du siège du FBI à Washington, DC en dessous. Conçu comme si le bureau se trouvait dans une caverne sous le sol de la forêt, il permet aux deux scènes de coexister dans le même espace. Dans cette version, vous pouvez les exposer empilées, côte à côte ou dans des pièces entièrement séparées. La partie du bureau de Mulder peut être retirée et exposée comme une vignette, et vous pouvez mettre en scène les personnages miniatures LEGO® pour recréer des scènes mémorables de la série.

UN ÉXITO INDISCUTIBLE RECREADO CON BRICKS

El modelo de Brent Waller rinde tributo a *Los Expedientes Secretos X* combinando creativamente dos dioramas: la escena del bosque con el ovni arriba y la oficina de Fox Mulder, ubicada en el sótano de la sede del FBI en Washington D. C., abajo. Al enmarcar la oficina en una caverna bajo el suelo del bosque, permite que ambas escenas coexistan en el mismo espacio. En esta versión, puedes exhibirlas apiladas, una al lado de la otra o en distintas habitaciones. La sección del escritorio de Mulder se puede separar para exhibirla como una viñeta y, además, puedes colocar las minifiguras LEGO® de los personajes para recrear momentos memorables de la serie.

FROM THE LEGO® DESIGN TEAM

Contrary to Mulder and Scully's investigations, in our work as LEGO® designers, the laws of physics do apply. Well, usually. But that wasn't going to stop us from building a hovering UFO. The triangular shape with 60° angles posed a unique design challenge! We locked the outer shell to the core using a clever technique – three golden rings function as spacers to keep the core perfectly centered. In addition, flexible spike elements fill in the upper contours to create a three-sided pyramid. We carefully studied the proportions of Mulder's office and designed it to (roughly) match minifigure scale. It reflects his characteristically 'controlled chaos' of files, folders, books and boxes stacked just about everywhere, and the iconic 'I WANT TO BELIEVE' poster. And you'll find nods to specific episodes, characters and plot points; for example, one of the VHS tapes in Mulder's office is Brent's favorite *The X-Files* episode, *Wetwired*. He liked the episode so much he even used the title as his LEGO Ideas name! Now, are you ready to believe?

IMPRESIONES DEL EQUIPO DE DISEÑO DE LEGO®

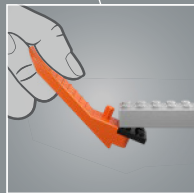

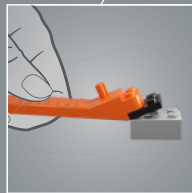

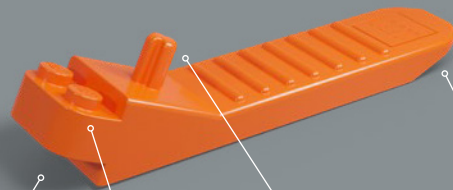

A diferencia de las investigaciones de Mulder y Scully, las leyes de la física sí se aplican en nuestro trabajo como diseñadores de LEGO®. Bueno, casi siempre. Pero eso no iba a impedirnos construir un ovni flotante. ¡Su forma triangular con ángulos de 60° resultó ser un desafío como ningún otro! Usamos una ingeniosa técnica para fijar la cubierta exterior al núcleo: tres anillos dorados funcionan como separadores para mantenerlo perfectamente centrado. Además, rellenamos los contornos superiores con elementos puntiagudos flexibles que completan la forma de una pirámide de base triangular. Estudiamos cuidadosamente las proporciones de la oficina de Mulder para que el diseño se ajustara (más o menos) a la escala de las

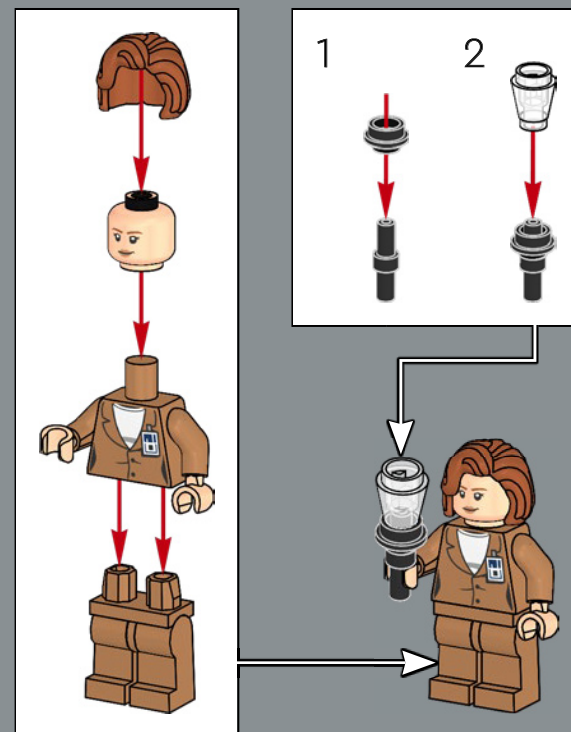

DE L'ÉQUIPE DE CONCEPTION LEGO® ART

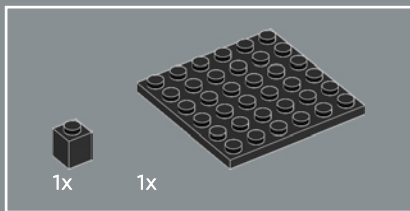

Contrairement aux enquêtes de Mulder et Scully, dans notre travail de concepteurs LEGO®, les lois de la physique s'appliquent. Enfin, en général. Mais cela ne nous a pas empêchés de construire un OVNI en suspension. La forme triangulaire avec des angles de 60° a posé un défi de conception unique! Nous avons fixé la coque extérieure au noyau à l'aide d'une technique astucieuse : trois anneaux dorés servent d'entretoises pour maintenir le noyau parfaitement centré. De plus, des éléments flexibles en forme de pointes remplissent les contours supérieurs pour créer une pyramide à trois côtés. Nous avons soigneusement étudié les proportions du bureau de Mulder et l'avons conçu pour qu'il corresponde (à peu près) à l'échelle des figurines. Il reflète son « chaos contrôlé » caractéristique, avec des dossiers, des classeurs, des livres et des boîtes empilés un peu partout, ainsi

que l'affiche emblématique « I WANT TO BELIEVE » (Je veux croire). Vous trouverez également des clins d'œil à des épisodes, des personnages et des intrigues spécifiques. Par exemple, l'une des cassettes VHS dans le bureau de Mulder est l'épisode de *The X-Files* préféré de Brent, *Wetwired*. Il a tellement aimé cet épisode qu'il a même utilisé son titre comme nom sur LEGO Ideas! Alors... êtes-vous prêt à y croire?
