LEGO® Specs

Fiercely loyal ally

As one of the original 151 Pokémon, the impressive Arcanine has remained an adored fan favourite since 1996. Evolving from Growlithe when exposed to a Fire Stone, it was originally discovered in the Kanto region and can be found in multiple Pokémon regions. Its vivid orange fur, bold black stripes and flowing mane make it instantly recognisable anytime, anywhere.

Pokémon FireRed | Pokémon LeafGreen

It's well known for its strength and admired for its beauty. The fire burning inside its body serves as the energy to fuel it as it runs great distances. This noble character is capable of running several thousand kilometres a day. For a dedicated Trainer, Arcanine's courage and loyalty make it one of the most trusted partners in the Pokémon world.

From the **LEGO® Pokémon™** Trainers

Working closely with our partners-in-play at The Pokémon Company International, we designed a model with lots of movements and pose options that express Arcanine's physical and personal traits. From sketch models and periodic improvements to the final model, we worked together to maintain accuracy and make the building process really fun for every

Pokémon™ and LEGO® fan! The tail uses an advanced building system, and when we designed the head, we used a few creative techniques that culminate in creating the most iconic part of the character. We hope you enjoy building and displaying your LEGO® Pokémon™ Trainer journey!
