WE'RE MAKING OUR PACKAGING MORE SUSTAINABLE

We're transitioning from single-use plastic to paper-based packaging. As we progress, you may find a mix of paper and plastic in our boxes.

NOUS RENDONS NOS EMBALLAGES PLUS DURABLES

Nous passons des emballages en plastique à usage unique aux emballages à base de papier. Durant la transition, vous pourriez trouver un mélange de papier et de plastique dans nos boîtes.

QUEREMOS HACER MÁS SUSTENTABLES NUESTROS MATERIALES DE EMBALAJE

Estamos cambiando las bolsas de plástico desechables por bolsas con base de papel. Conforme avanzamos en este propósito, puedes encontrar una mezcla de papel y de plástico en nuestras cajas.

WARMTH, WITH A HINT OF MYSTERY

A flower display that leans into shadowed hues really adds depth to your home decor. It's timeless in an artful way, and with a few sprigs of light, contrasting colors, you can create a bold, dramatic effect. When we recreate organic, living plants in LEGO® Botanicals form, we always strive for an authentic look. And, if you look closer, you might be surprised to see how a creative use of elements and colors can form the unique shapes of every flower. Enjoy building as you take in the rich tones of this beautifully dark display.

CHALEUR, AVEC UNE TOUCHE DE MYSTÈRE

Une composition florale aux teintes ombragées ajoute une véritable profondeur à votre décor. Intemporelle et artistique, elle gagne en intensité lorsque quelques touches de couleurs claires et contrastantes viennent créer un effet audacieux et spectaculaire. Lorsque nous recréons des plantes vivantes dans la collection LEGO® Botanicals, nous cherchons toujours à en préserver l'authenticité. En y regardant de plus près, vous pourriez être surpris de constater comment une utilisation créative des éléments et des couleurs permet de reproduire les formes uniques de chaque fleur. Savourez l'expérience de construction tout en admirant les tons riches de cette composition magnifiquement sombre.

CALIDEZ CON UN AIRE DE MISTERIO

Si miras más de cerca, te sorprenderá ver cómo pudimos replicar las formas únicas de cada flor usando creativamente los elementos y colores. Disfruta construyendo mientras te deleitas con los intensos tonos de esta exhibición de elegante oscuridad.

While the purple anemone usually prefers inland regions, this version borrows inspiration from the ocean – it's built with seashell elements.

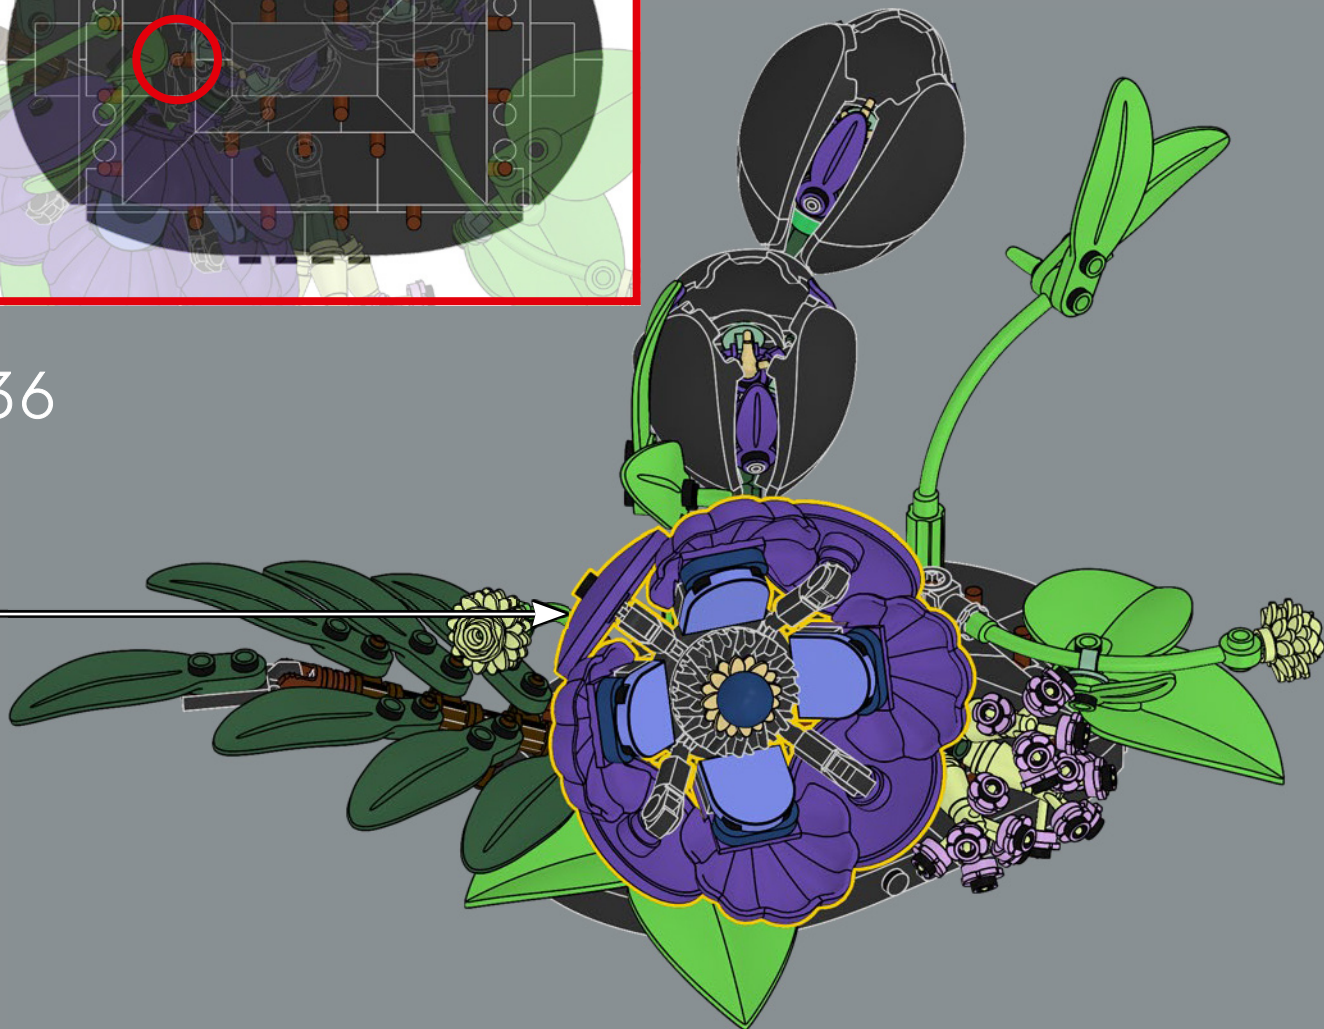

Bien que l'anémone pourpre préfère habituellement les régions continentales, cette version puise son inspiration dans l'océan et est construite à l'aide d'éléments en forme de coquillage.

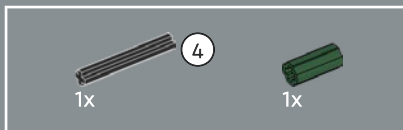

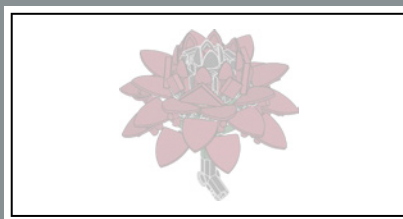

Aunque la anémone morada suele preferir las regiones del interior, esta versión toma inspiración del océano: ¡está hecha con elementos de concha marina!

This dahlia flower comes with extra (at least symbolic) built-in strength - look closer and you'll see it's made with LEGO® minifigure shield elements.

Cette fleur de dahlias bénéficie d'une solidité accrue - du moins sur le plan symbolique : en y regardant de plus près, vous verrez qu'elle est assemblée à partir de boucliers de figurines LEGO®.

Esta dalia tiene una defensa adicional (al menos simbólica): si la miras de cerca, verás que está creada a partir de escudos LEGO® a escala de minifigura.

Petunias thrive in the sun, but to build this version, we've used parasol elements (originally created for the LEGO® Belville theme).

Les pétunias s'épanouissent au soleil, mais pour construire cette version, nous avons utilisé des éléments de parasol (créés à l'origine pour la gamme LEGO® Belville).

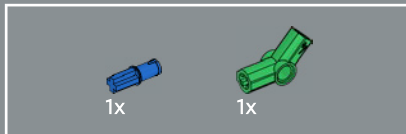

Aunque las petunias crecen bien al sol, para dar forma a esta versión usamos elementos de sombrilla (creados originalmente para el tema LEGO® Belville).
