WE'RE MAKING OUR PACKAGING MORE SUSTAINABLE

We're transitioning from single-use plastic to paper-based packaging. As we progress, you may find a mix of paper and plastic in our boxes.

NOUS RENDONS NOS EMBALLAGES PLUS DURABLES

Nous passons des emballages en plastique à usage unique aux emballages à base de papier. Durant la transition, vous pourriez trouver un mélange de papier et de plastique dans nos boîtes.

QUEREMOS HACER MÁS SUSTENTABLES NUESTROS MATERIALES DE EMBALAJE

Estamos cambiando las bolsas de plástico desechables por bolsas con base de papel. Conforme avanzamos en este propósito, puedes encontrar una mezcla de papel y de plástico en nuestras cajas.

Caractéristiques LEGO®

Especificaciones LEGO®

Rayquaza has been summoned...

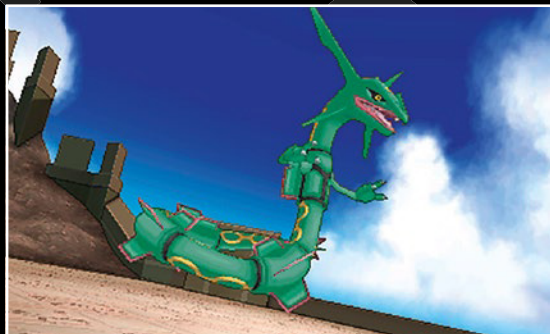

The Draconid people revere Rayquaza as a savior and built the Sky Pillar as a monument to their celestial protector, and as a sacred summoning beacon for whenever the planet is in peril. LEGO® Pokémon™ Rayquaza is posed to protect the planet, scanning the horizon from above the Sky Pillar. You can modify its expression by moving its articulated parts, and with a few adjustments, you can let Rayquaza descend from the clouds and display it on its own.

Rayquaza a été invoqué...

Le peuple des Draconides vénère Rayquaza comme un sauveur et a construit le Pilier Céleste comme un monument à leur protecteur céleste, et comme une balise d'invocation sacrée lorsque la planète est en péril. LEGO® Pokémon™ Rayquaza est posé pour protéger la planète, en scrutant l'horizon du haut du Pilier Céleste. Vous pouvez modifier son expression en bougeant ses parties articulées, et avec quelques ajustements, vous pouvez laisser Rayquaza descendre des nuages et l'exposer seul.

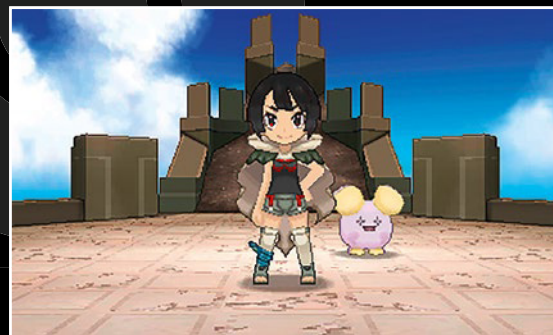

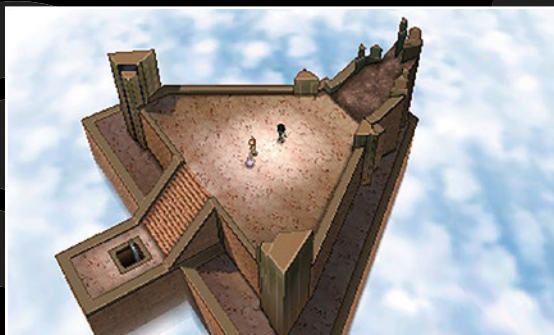

Rayquaza ha sido invocado...

El Clan Meteoro venera a Rayquaza como un salvador y protector celestial, y construyó el Pilar Celeste como un faro sagrado para honrarlo e invocarlo cuando el planeta corre peligro. LEGO® Pokémon™ Rayquaza se muestra listo para proteger el planeta, escaneando el horizonte desde lo alto del Pilar Celeste. Puedes modificar su expresión moviendo sus partes articuladas y, con unos pocos ajustes, lograrás hacer descender de las nubes a Rayquaza para exhibirlo por su cuenta.

Pokémon Omega Ruby | Pokémon Rubis Oméga | Pokémon Rubí Omega
Pokémon Alpha Sapphire | Pokémon Saphir Alpha | Pokémon Zafiro Alfa

...by a **creative Trainer**

Zinnia, the spirited Lorekeeper of the Draconid people, carries the weight of ancient duty with a dry grin and, of course, a powerful Key Stone crucial to her goal. Appearing as a LEGO® minifigure for the first time, she has reached the Sky Pillar Summit and summoned Rayquaza. And is, perhaps, enjoying the spectacular view?

...par un **Dresseur créatif**

Amaryllis, la fouguese gardienne du peuple des Draconides, porte le poids d'un devoir ancestral avec un sourire ironique et, bien sûr, une puissante Gemme Sésame cruciale pour son objectif. Apparaissant pour la première fois sous forme de figurine LEGO®, elle a atteint le sommet du Pilier Céleste et a invoqué Rayquaza. Et, peut-être est-elle en train de profiter de la vue spectaculaire?

... por un **Entrenador creativo**

Tristana, la enérgica cronista del Clan Meteoro, lleva el peso de un ancestral deber con una sonrisa irónica y, por supuesto, una poderosa Piedra Activadora crucial para su objetivo. Convertida en minifigura LEGO® por primera vez, ha llegado a la cima del Pilar Celeste para invocar a Rayquaza. Y... ¿está, tal vez, disfrutando de la espectacular vista?

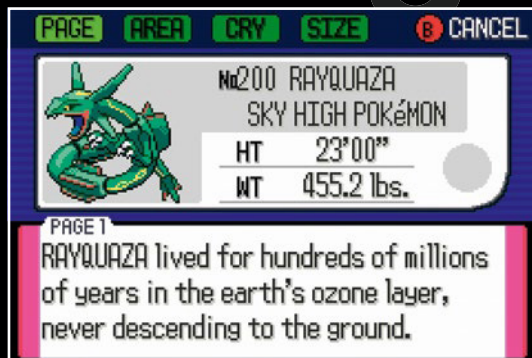

Pokémon Scarlet | *Pokémon Écarlate* | *Pokémon Escarlata*
Pokémon Violet | *Pokémon Violet* | *Pokémon Púrpura*

A pinnacle of **Pokémon** lore

Rayquaza is a Legendary Pokémon, said to be millions of years old. It resides somewhere in the ozone layer, usually unconcerned with mere mortals. It's famously elusive and rarely spotted by anyone in the Pokémon world, which only adds further to its aura. Once every millennium or so, the earthbound Groudon and the ocean-dwelling Kyogre decide to settle their differences through an apocalyptic brawl that could, inadvertently, destroy the planet. When that happens, Rayquaza may be summoned to save the world [again].

It is the only Pokémon powerful and patient enough to persuade the battling parties to see reason.

Pokémon Ruby | *Pokémon Rubis* | *Pokémon Rubí*

Un apogée de l'histoire des Pokémon

Rayquaza est un Pokémon légendaire, dont on dit qu'il est vieux de plusieurs millions d'années. Il réside quelque part dans la couche d'ozone et ne se préoccupe généralement pas des simples mortels. Il est célèbre pour être insaisissable et rarement repéré par quiconque dans le monde des Pokémon, ce qui ne fait que renforcer son aura. Tous les millénaires environ, Groudon, qui vit sur terre, et Kyogre, qui vit dans l'océan, décident de régler leurs différends au cours d'un combat apocalyptique qui pourrait, par inadvertance, détruire la planète. Lorsque cela se produira, Rayquaza pourra être invoqué pour sauver le monde (encore une fois).

C'est le seul Pokémon suffisamment puissant et patient pour faire entendre raison aux belligérants.

Un pináculo de la mitología de Pokémon

Rayquaza es un Pokémon Legendario que, según se dice, ha existido durante millones de años. Habita en algún lugar de la capa de ozono, por lo general sin preocuparse por los simples mortales. Es famoso por ser esquivo y rara vez alguien lo ve en el mundo de Pokémon, lo que no hace más que aumentar su aura. Aproximadamente una vez cada milenio, el terrestre Groudon y el oceánico Kyogre deciden arreglar sus diferencias mediante un enfrentamiento apocalíptico que podría, sin pretenderlo, destruir el planeta. Cuando eso sucede, es posible invocar a Rayquaza para que salve el mundo (una vez más).

Es el único Pokémon lo suficientemente poderoso y paciente para convencer a las partes en conflicto de entrar en razón.

From the LEGO® Pokémon™ Trainers

At the summit of Sky Pillar, where many Trainers aspire to climb, LEGO® Pokémon™ Rayquaza makes its presence known, coiling through the clouds with the kind of dramatic flair only a Legendary Pokémon can muster. Inspired by the *Pokémon Omega Ruby* and *Pokémon Alpha Sapphire* games, this model features both the triangular Sky Pillar summit and Rayquaza's serpentine form. Both shapes were really fun to recreate in brick form! And the color of the character meant we got to introduce new elements appearing in the classic LEGO green color for the first time.

We've used a combination of classic and new elements, designed new decoration prints and worked out advanced building techniques to include as many details of the tower and the characters' personalities as possible.

Impresiones de los Entrenadores LEGO® Pokémon™

En la cima del Pilar Celeste, a donde muchos Entrenadores aspiran subir, la criatura LEGO® Pokémon™ Rayquaza hace notar su presencia enroscándose entre las nubes con el estilo dramático que solo un Pokémon Legendario puede mostrar. Inspirado en los títulos *Pokémon Omega Ruby* y *Pokémon Alpha Sapphire*, este modelo presenta tanto la cumbre triangular del Pilar Celeste como la forma serpentina de Rayquaza. ¡Recrear ambas en formato de bricks fue verdaderamente divertido! Además, el color del

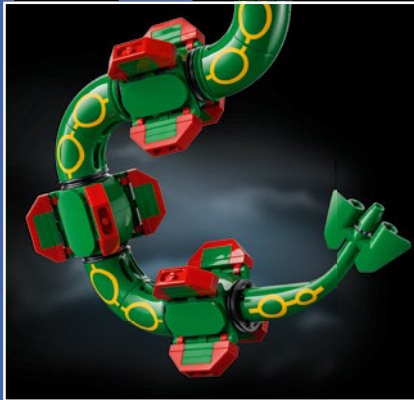

Un mot des Dresseurs LEGO® Pokémon™

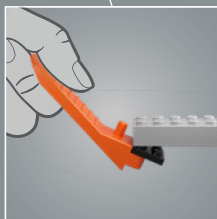

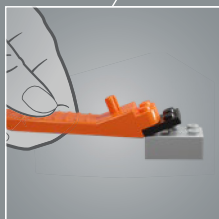

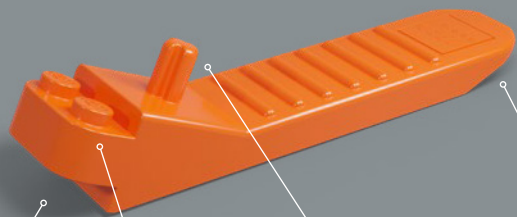

Au sommet du Pilier Céleste, où de nombreux Dresseurs aspirent à grimper, le LEGO® Pokémon™ Rayquaza se fait remarquer, se faufilant à travers les nuages avec ce style spectaculaire que seul un Pokémon légendaire peut montrer. Inspiré des jeux *Pokémon Rubis Oméga* et *Pokémon Saphir Alpha*, ce modèle présente à la fois le sommet triangulaire du Pilier Céleste et la forme serpentine de Rayquaza. Les deux formes étaient très amusantes à recréer sous forme de briques! Et la couleur du personnage nous a permis d'introduire de nouveaux éléments apparaissant pour la première fois dans la couleur verte classique de LEGO.

Nous avons utilisé une combinaison d'éléments classiques et nouveaux, conçu de nouvelles impressions de décoration et élaboré des techniques de construction avancées pour inclure autant de détails que possible de la tour et de la personnalité des personnages.

personaje nos permitió introducir por primera vez nuevos elementos en el clásico color verde de LEGO.

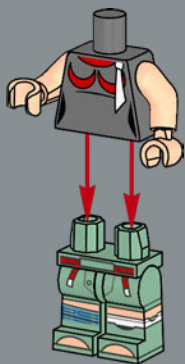

Usamos una combinación de elementos clásicos y nuevos, diseñamos nuevos estampados decorativos y desarrollamos técnicas de construcción avanzadas para incluir tantos detalles de la torre y características únicas de los personajes como fuera posible.
