WE'RE MAKING OUR PACKAGING MORE SUSTAINABLE

We're transitioning from single-use plastic to paper-based packaging. As we progress, you may find a mix of paper and plastic in our boxes.

NOUS RENDONS NOS EMBALLAGES PLUS DURABLES

Nous passons des emballages en plastique à usage unique aux emballages à base de papier. Durant la transition, vous pourriez trouver un mélange de papier et de plastique dans nos boîtes.

QUEREMOS HACER MÁS SUSTENTABLES NUESTROS MATERIALES DE EMBALAJE

Estamos cambiando las bolsas de plástico desechables por bolsas con base de papel. Conforme avanzamos en este propósito, puedes encontrar una mezcla de papel y de plástico en nuestras cajas.

LEGO® Builder

ARE YOU READY, BUILDERS?

Since 1999, *SpongeBob SquarePants*™ has invited kids and playful souls on spectacular adventures in his underwater world. 16 seasons in, and more than 300 episodes later (and counting), the show's timeless appeal is still shaped by a mix of silly, goofy humor and a cast of quirky characters whose personalities bounce effortlessly off one another. Add to that its imaginative, immersive setting in Bikini Bottom, with vivid locations and its own kind of charmingly flawless logic, and fans keep tuning in.

We first released a LEGO® version of the pineapple home of SpongeBob SquarePants in 2006 (*Adventures in Bikini Bottom 3827*), and we think the characters deserve to celebrate this 20th anniversary in style. So, suit up, snorkel down and revisit some of the most iconic scenes and shenanigans with our Bikini Bottom besties.

ÊTES-VOUS PRÊTS, CONSTRUCTEURS?

Depuis 1999, *Bob l'éponge*™ invite les enfants et les âmes enjouées à vivre des aventures spectaculaires dans son monde sous-marin. Après 16 saisons et plus de 300 épisodes (et ce n'est pas fini), le charme intemporel de la série repose toujours sur un mélange d'humour loufoque et décalé, et sur une bande de personnages excentriques dont les personnalités s'accordent naturellement les unes avec les autres. Ajoutez à cela le décor imaginaire et immersif de Bikini Bottom, avec ses lieux hauts en couleur et sa logique charmante et imparable, et vous comprendrez pourquoi les amateurs continuent de suivre la série.

Nous avons lancé pour la première fois une version LEGO® de la maison en forme d'ananas de Bob l'éponge en 2006 (*Aventures à Bikini Bottom* 3827), et nous pensons que les personnages méritent de célébrer ce 20^e anniversaire avec style. Alors, enfoncez votre combinaison, plongez avec votre tuba et revisitez certaines des scènes et des frusques les plus emblématiques avec nos meilleurs amis de Bikini Bottom.

¿ESTÁN LISTOS, CONSTRUCTORES?

Desde 1999, *Bob Esponja*™ ha invitado a niños y almas juguetonas a vivir espectaculares aventuras en su mundo submarino. Luego de 16 temporadas y más de 300 episodios (y contando), el intemporal atractivo de la serie sigue estando marcado por una mezcla de humor tan disparatado como divertido y un elenco de extravagantes personajes cuyas personalidades chocan entre sí con naturalidad. Un imaginativo y envolvente escenario llamado Fondo de Bikini, salpicado de vibrantes lugares y su propia lógica encantadoramente impecable, completa la lista de razones por las que los fans se mantienen fieles a la serie.

En 2006 lanzamos por primera vez una versión LEGO® de la casa con forma de piña de Bob Esponja (*Fondo de Bikini* 3827), y estamos convencidos de que los personajes se merecen celebrar este 20 aniversario con mucho estilo. Así que ponte tu traje de baño, toma tu esnórquel y vuelve a visitar algunas de las escenas y travesuras más icónicas con nuestros mejores amigos de Fondo de Bikini.

RETURN TO BIKINI BOTTOM

Three of the houses in Bikini Bottom are so defining to the show, and we wanted to do them justice: the homes of SpongeBob SquarePants™, Patrick Star™ and Squidward Tentacles™. Each house is sure to make its owner feel at home, even among us landlubbers. We included the most essential details and decorations that capture their personalities, adventures and interactions. The layouts vary throughout the series to fit the plot of each episode. Patrick's rock interior, for example, can go from a blank patch of sand to a fully fleshed out interior. We chose to hollow out the rock and make room for some of his hilarious sand furniture. See if you can spot details from your favorite episodes as you build!

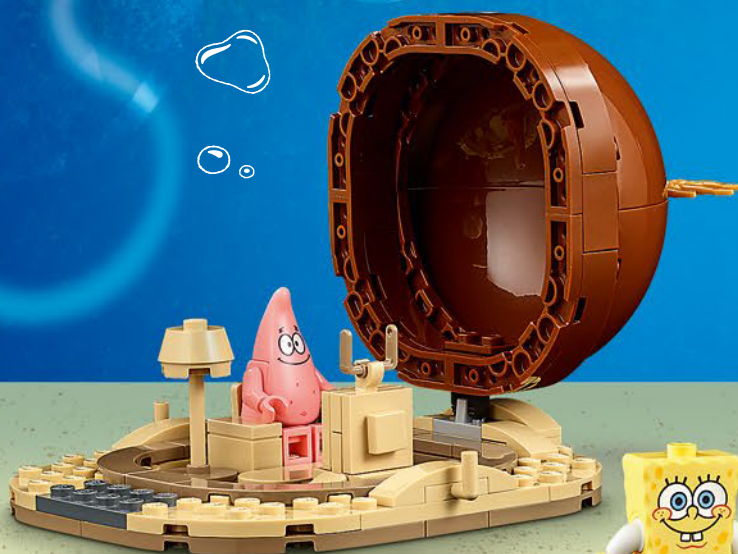

RETOUR À BIKINI BOTTOM

Trois des maisons de Bikini Bottom sont si emblématiques de la série que nous avons voulu leur rendre justice : les maisons de Bob l'éponge™, Patrick l'étoile de mer™ et Carlo Tentacules le calmar™. Chaque maison permettra à son propriétaire de se sentir chez lui, même parmi nous, les terriens. Nous avons inclus les détails et les décorations les plus essentiels qui reflètent leur personnalité, leurs aventures et leurs interactions. Les agencements varient tout au long de la série pour s'adapter à l'intrigue de chaque épisode. L'intérieur rocheux de Patrick, par exemple, peut passer d'une étendue de sable vierge à un intérieur entièrement aménagé. Nous avons choisi de creuser la roche et de faire de la place pour certains de ses meubles de sable hilarants. Voyez si vous pouvez repérer des détails de vos épisodes préférés pendant que vous construisez!

REGRESO A FONDO DE BIKINI

Tres de las casas de Fondo de Bikini son tan representativas de la serie que quisimos hacerles justicia: las viviendas de Bob Esponja™, Patricio Estrella™ y Calamardo Tentáculos™. Cada residencia hará que su dueño se sienta como en su propio hogar, incluso entre nosotros, los marineros de agua dulce. Incluimos los detalles y decoraciones más esenciales que capturan sus personalidades, aventuras e interacciones. Los diseños varían a lo largo de la serie, adaptándose a la trama de cada episodio. La roca de Patricio, por ejemplo, puede pasar de ser una zona arenosa vacía a tener un interior completamente desarrollado. Decidimos dejar un espacio en su interior para algunos de sus divertidos muebles de arena. ¡Mira si puedes encontrar detalles de tus episodios favoritos mientras construyes!

FROM THE LEGO® ICONS DESIGN TEAM

Truth be told, when we began designing this set, our whole design team felt like we hadn't aged a day since our last LEGO® SpongeBob SquarePants™ set. We even started a routine of watching episodes on Friday mornings! One of the most interesting design challenges was figuring out how to capture the rounded shape of the pineapple, as well as its crisscross line pattern. By breaking up the surface into diamond-shaped subsections, we managed to recreate the pattern via the gaps between the panels while simultaneously creating the curved exterior. New elements and color schemes were developed to give the beloved characters a fresh look in their minifigure forms: SpongeBob SquarePants (still the best fry cook on the Pacific Ocean floor), his best friend Patrick Star™ and cranky neighbor/Krusty Krab coworker Squidward Tentacles™. And let's not forget Gary, of course – SpongeBob's loyal and affectionate pet snail is always by his side.

DE L'ÉQUIPE DE CONCEPTION LEGO® ICONS

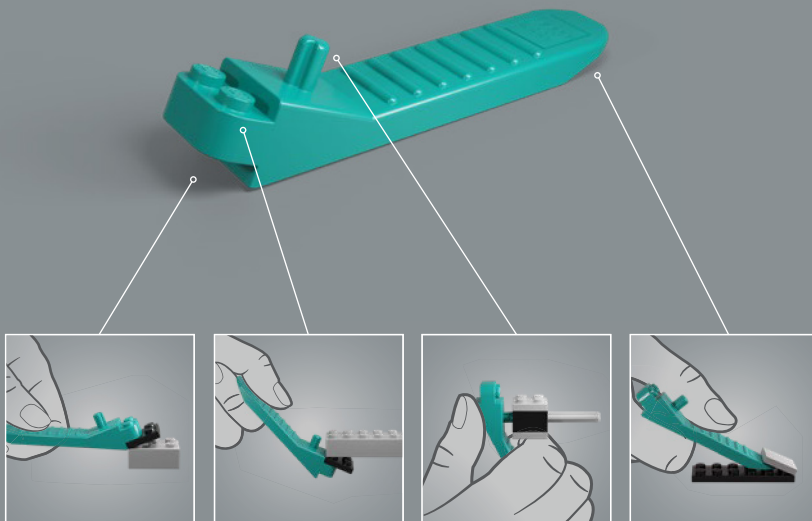

À vrai dire, lorsque nous avons commencé à concevoir cet ensemble, toute notre équipe de conception avait l'impression de n'avoir pas pris une ride depuis notre dernier ensemble LEGO® Bob l'éponge™. Nous avons même pris l'habitude de regarder les épisodes le vendredi matin! L'un des défis les plus intéressants en matière de conception a été de trouver comment reproduire la forme arrondie de l'ananas, ainsi que son motif de lignes entrecroisées. En divisant la surface en sous-sections en forme de losange, nous avons réussi à recréer le motif grâce aux espaces entre les panneaux, tout en formant l'extérieur arrondi. De nouveaux éléments et de nouvelles combinaisons de couleurs ont été conçus afin d'offrir aux personnages adorés une allure renouvelée dans leur version en figurine : Bob l'éponge (toujours le meilleur cuisinier du fond de l'océan Pacifique), son meilleur ami Patrick l'étoile de mer™ et son voisin grincheux/collègue le Krabe Kroustillant, Carlo Tentacles le calmar™. Et n'oublions pas Gary, bien sûr – le fidèle et affectueux escargot de compagnie de Bob l'éponge™ qui est toujours à ses côtés.

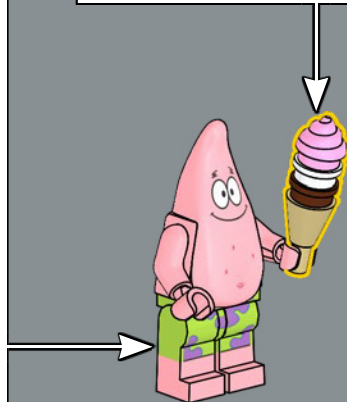

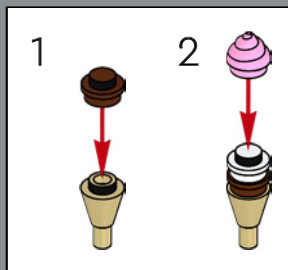

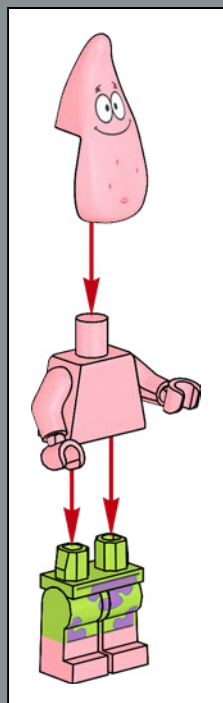

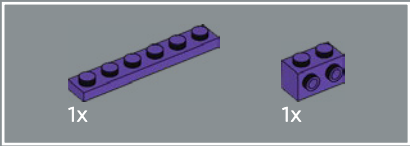

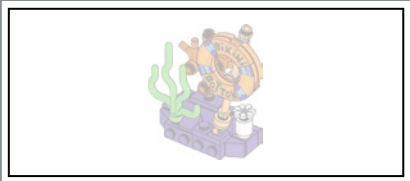

IMPRESIONES DEL EQUIPO DE DISEÑO DE LEGO® ICONS

A decir verdad, cuando empezamos a idear este set, todos los que conformamos el equipo de diseño sentíamos que no habíamos envejecido ni un día desde el último set LEGO® Bob Esponja™. ¡Incluso iniciamos una rutina de ver episodios los viernes por la mañana! Uno de los desafíos de diseño más interesantes fue ingeniárnoslas para capturar la forma redondeada de la piña, así como su patrón de líneas entrecruzadas. Dividiendo la superficie en subsecciones con forma de diamante, logramos recrear el diseño mediante los huecos entre los paneles individuales y, al mismo tiempo, replicar la curva del exterior. Se desarrollaron nuevos elementos y combinaciones de colores para dar un aspecto renovado a las versiones en minifigura de los queridos personajes: Bob Esponja (que sigue siendo el mejor cocinero del fondo del océano Pacífico), su mejor amigo Patricio Estrella™ y su gruñón vecino Calamardo Tentáculos™, también compañero de trabajo en El Crustáceo Cascarudo. Y no nos olvidemos del caracol Gary: la leal y cariñosa mascota de Bob Esponja que siempre está a su lado.

Looks like Patrick Star™ has a weathervane made from King Neptune's trident.

On dirait que Patrick l'étoile de mer™ a une girouette faite à partir du trident du roi Neptune.

Parece que Patricio Estrella™ tiene una veleta hecha con el tridente del Rey Neptuno.

The masterpiece *Bold and Brash* by Squidward Tentacles™ certainly doesn't belong in the trash. Or does it?

Le chef-d'œuvre *Audacieux et effronté* de Carlo Tentacules le calmar™ n'a certainement pas sa place à la poubelle. Ou oui?

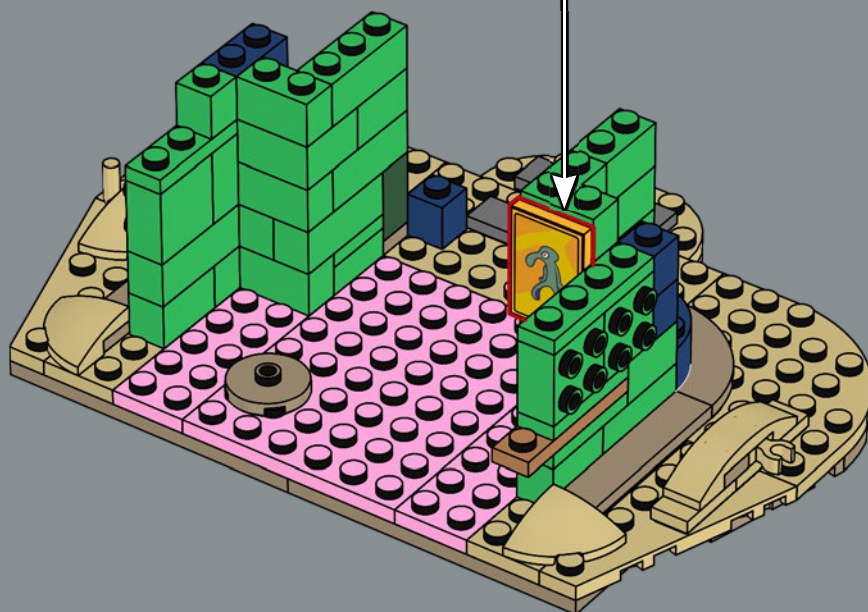

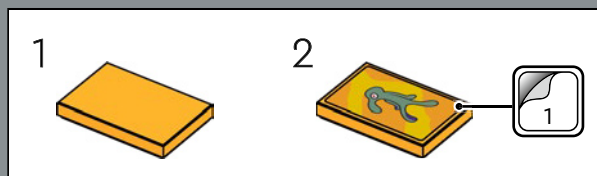

La obra maestra *Fuerte hermosa* de Calamardo Tentáculos™ ciertamente no pertenece a la basura. ¿O sí?
