Venetian architecture often features celestial symbols – stars, planets and maps – that were once used for guidance, timekeeping and decoration.

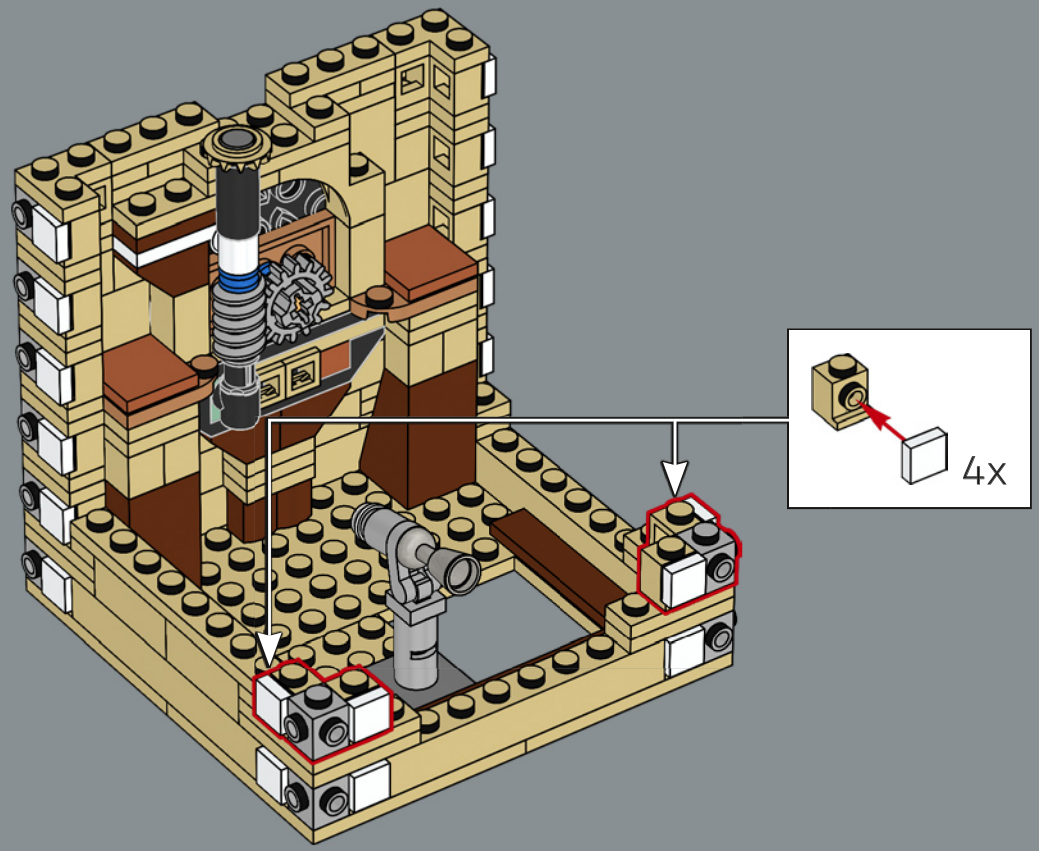

L'architecture vénitienne présente souvent des symboles célestes – étoiles, planètes et cartes – qui étaient autrefois utilisés pour l'orientation, la mesure du temps et la décoration.

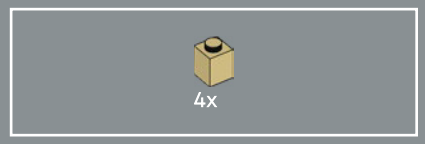

La arquitectura veneciana suele incluir símbolos celestes como estrellas, planetas y mapas que, en su día, tenían funciones de orientación, medición del tiempo y decoración.

It can be seen all over Venice, and while the origin of the Winged Lion of St. Mark is not entirely clear, it has been the city's emblem of justice and power for centuries.

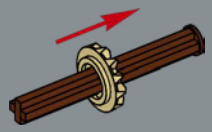

Il est visible dans toute la ville de Venise, et bien que l'origine du Lion ailé de Saint-Marc ne soit pas tout à fait claire, il est l'emblème de la justice et de la puissance de la ville depuis des siècles.

Se puede ver por toda Venecia y, aunque el origen del león alado de san Marcos no está del todo claro, lleva siglos siendo el emblema de la justicia y el poder de la ciudad.

The gondola is believed to be as old as Venice itself. Its name may come from the Latin *gundula* ('water vessel'), the Greek *kountelàs* ('short boat') or simply Venice's Gondolino neighborhood.

La gondole serait aussi ancienne que Venise elle-même. Son nom peut provenir du latin *gundula* (« vaisseau d'eau »), du grec *kountelàs* (« bateau court ») ou simplement du quartier de Gondolino à Venise.

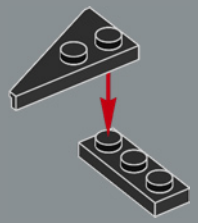

Se cree que las góndolas son tan antiguas como Venecia misma. Su nombre podría provenir del latín *gundula* 'recipiente para agua', del griego *kontoúra* 'barca de cola corta' o, simplemente, del barrio veneciano de Gondolino.
