The Iconic Poké Ball

— A builder's dream

It's not only one of the most recognizable symbols of the Pokémon world. Every Pokémon Trainer's journey begins with your first Poké Ball, and it plays an essential part in every interaction, battle and adventure we share with our Pokémon. Its striking red, white and black design is a symbol of countless battles for every generation of Trainer. But what's actually inside a Poké Ball remains an intriguing mystery...

L'emblématique Poké Ball

— Un rêve de constructeur

Ce n'est pas seulement l'un des symboles les plus reconnaissables du monde Pokémon. Le voyage de chaque Dresseur de Pokémon commence avec sa première Poké Ball, et celle-ci joue un rôle essentiel dans chaque interaction, combat et aventure que nous partageons avec nos Pokémon. Sa conception frappante en rouge, blanc et noir est le symbole d'innombrables batailles pour toutes les générations de Dresseur. Mais ce qui se trouve à l'intérieur d'une Poké Ball reste un mystère intrigant...

La icónica Pokébola: un

sueño para un constructor

Sí, es uno de los símbolos más representativos del mundo de Pokémon. Pero no solo eso. El viaje de todo Entrenador Pokémon comienza con su primera Pokébola, y esta es esencial para cada interacción, batalla y aventura que comparte con sus Pokémon. Su llamativo diseño en rojo, blanco y negro representa incontables batallas para cada generación de Entrenadores. Pero lo que realmente hay adentro de una Pokébola sigue siendo un misterio fascinante...

From lab to **Battle**

Driven by curiosity yet respectfully acknowledging the integrity of this mystery, our team of LEGO® Pokémon™ Trainers wondered: how much LEGO magic we could build into this iconic form? From an 'impossible' concept sketch inspired by pop-up books to an idea formed to recreate memorable scenes from a classic Trainer journey inside the sphere, with help from a smooth spring mechanism that's activated when you open the Poké Ball.

Du laboratoire au **Combat**

Construite par la curiosité tout en respectant l'intégrité de ce mystère, notre équipe de Dresseurs LEGO® Pokémon™ s'est interrogée sur la magie LEGO que nous pouvions intégrer à cette forme emblématique. D'une esquisse « impossible » inspirée des livres animés à une idée conçue pour recréer les scènes mémorables d'un voyage classique de Dresseur à l'intérieur de la sphère, avec l'aide d'un mécanisme à ressort souple qui s'active lorsque vous ouvrez la Poké Ball.

Del laboratorio a la **Batalla**

Impulsado por la curiosidad, si bien siempre con pleno respeto por la integridad del misterio que detenta, el equipo de Entrenadores LEGO® Pokémon™ se preguntó: ¿cuánta magia LEGO podríamos incluir en esta icónica forma? Las respuestas fueron de todo tipo, desde un concepto "imposible" inspirado en los libros desplegables hasta una recreación de escenas memorables del clásico viaje de un Entrenador en su interior con la ayuda de un suave mecanismo de resorte que se activaba cuando abrías la Pokébola.

Professor Oak's Lab

Our journey begins in Professor Oak's lab, where many a Trainer has chosen their first partner Pokémon. Placed in the upper part of the sphere, the lab marks a point of no return – Once a Trainer, Always a Trainer! This iconic location is faithfully represented down to the order of the books in the bookcase, the computer screen, wall decorations, windows – and even Trainer tools like Poké Balls and the Pokédex.

Laboratoire du Professeur Chen

Notre voyage commence dans le laboratoire du Professeur Chen, où de nombreux Dresseurs ont choisi leur premier partenaire Pokémon. Placé dans la partie supérieure de la sphère, le laboratoire marque un point de non-retour – Dresseur un jour, Dresseur toujours! Ce lieu emblématique est fidèlement représenté jusqu'à l'ordre des livres dans la bibliothèque, l'écran d'ordinateur, les décorations murales, les fenêtres, et même les outils du Dresseur comme les Poké Balls et le Pokédex.

El laboratorio del Profesor Oak

Nuestro viaje empieza en el laboratorio del Profesor Oak, donde muchísimos Entrenadores han elegido a su primer compañero Pokémon. Ubicado en la parte superior de la esfera, el laboratorio marca un punto de no retorno: ¡cuando eres un Entrenador, siempre lo serás! Los fieles detalles de la representación de este icónico lugar incluyen el orden de los libros en el librero, la pantalla de la computadora, las decoraciones de la pared, las ventanas, e incluso herramientas para Entrenadores como las Pokébolas y la Pokédex.

Tisser des liens, s'entraîner, combattre

Une fois sorti du laboratoire du Professeur Chen, il est temps d'explorer, de tisser des liens et de combattre avec vos Pokémon dans ce nouveau monde passionnant. La partie inférieure présente une scène de bataille classique avec Red et un Dresseur Pique-Nique sous forme de figurines LEGO®. Ils sont accompagnés de deux nouvelles figurines exclusives représentant certains des Pokémon les plus appréciés de tous les temps : Évoli et Pikachu. Les deux scènes sont inspirées des jeux *Pokémon FireRed* et *Pokémon LeafGreen*.

Bond, Train, Battle

Once you're out of Professor Oak's lab, it's time to explore, bond and battle with your Pokémon in this exciting new world. The lower part features a classic battle scene featuring Red and a Picnicker Trainer as LEGO® minifigures. They're accompanied by two exclusive new figures of some of the most beloved Pokémon of all time: Eevee and Pikachu. Both scenes are inspired by the *Pokémon FireRed* and *Pokémon LeafGreen* games.

Crea un vínculo, entrena, combate

Una vez que salgas del laboratorio del Profesor Oak, será hora de explorar, crear vínculos y pelear con tus Pokémon en este nuevo y emocionante mundo. La parte inferior presenta una clásica escena de batalla con minifiguras LEGO® de Rojo y una Entrenadora Dominguera. Estas se acompañan de dos nuevas y exclusivas figuras de algunos de los Pokémon más queridos de todos los tiempos: Eevee y Pikachu. Ambas escenas están inspiradas en los títulos *Pokémon FireRed* y *Pokémon LeafGreen*.

From the **LEGO® Pokémon™** Trainers

We wanted to recreate the thrill of starting your Trainer journey with a fun building experience and a novel display that encapsulates the core essence of the Pokémon world. With LEGO® bricks, the simpler the shape, the more challenging it usually is to build, and we used lots of creative techniques, new elements and minifigures for the final touches. The model is built in all directions, and we've color-coded sections of the inner frame to make it easier to position the model correctly. We tested it literally thousands of times, resulting in a solid LEGO Technic™ inner frame and a brick-built exterior. In the opening/closing and pop-up functions, ball joints provide friction and stability, so the top part of the model can support its own weight when open. Now, stand by for building – let the Trainer journey begin!

Impresiones de los Entrenadores **LEGO® Pokémon™**

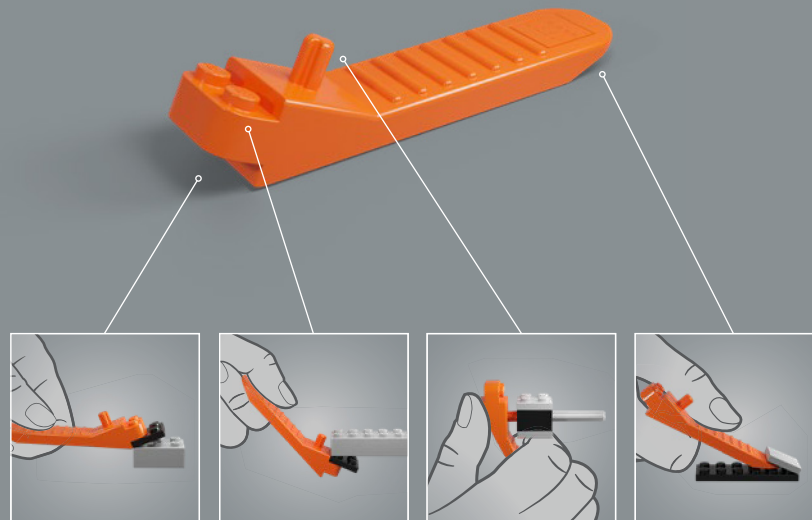

Queríamos recrear la emoción de comenzar tu viaje como Entrenador con una experiencia de construcción divertida y una novedosa exhibición que encapsulara la esencia del mundo de Pokémon. Por regla general, cuanto más simple es una forma, más desafiante resulta recrearla usando bricks LEGO®, por lo que utilizamos una gran diversidad de técnicas creativas, nuevos elementos y minifiguras para los toques finales. Dado que el modelo se construye en todas las direcciones, codificamos por colores las secciones de la estructura interior para facilitar su correcta

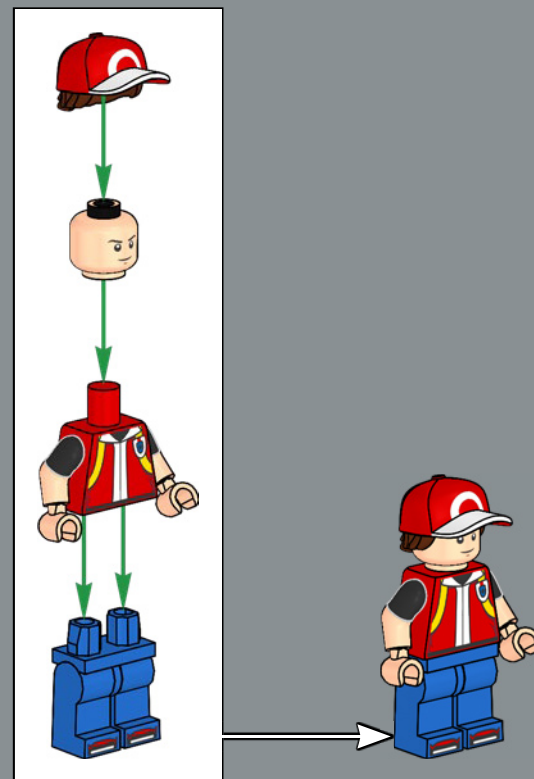

Un mot des Dresseurs **LEGO® Pokémon™**

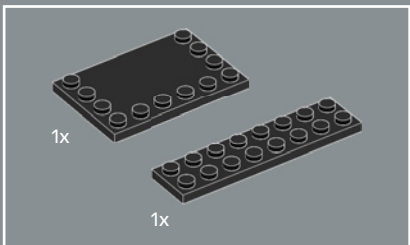

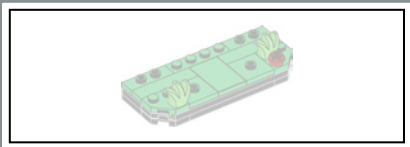

Nous voulions recréer le frisson du début de l'expérience de Dresseur avec une expérience de construction amusante et une exposition inédite qui résume l'essence même du monde Pokémon. Avec les briques LEGO®, plus la forme est simple, plus elle est généralement difficile à construire, et nous avons utilisé de nombreuses techniques créatives, de nouveaux éléments et des figurines pour les touches finales. Le modèle est construit dans toutes les directions, et nous avons établi un code couleur pour les sections du cadre intérieur afin de faciliter le positionnement correct du modèle. Nous l'avons testé littéralement des milliers de fois, ce qui a donné un cadre intérieur LEGO Technic™ solide et un extérieur construit en briques. Dans les fonctions d'ouverture/fermeture et d'escamotage, les articulations à rotule assurent la friction et la stabilité, de sorte que la partie supérieure du modèle peut supporter son propre poids lorsqu'elle est ouverte. Maintenant, préparez-vous à construire. Que votre aventure de Dresseur commence!

colocación. La combinación final se compone de una resistente estructura interior LEGO Technic™ y un exterior construido con bricks que es, literalmente, el fruto de miles de pruebas. Usamos articulaciones esféricas, que proporcionan fricción y estabilidad, para las funciones de apertura/cierre y despliegue. Así, logramos que el modelo pudiera soportar su propio peso cuando está abierto. Es tu turno de ponerte a construir: ¡que comience tu aventura como Entrenador!
